

# Macaulay McCulkin (Doppelgänger)

## The Fall of Troy

With a black heart undercover, watching you sleep every night  
I wish you'd watch me too  
We're made for each other  
Honey if you only knew, every night I'm watching you  
Shut up you're talking too loud for me to not listen  
This operation's gotten old, the face I stole, the gun of  
Lost shot through your soul  
And all that's left is empty holes  
With a black heart undercover, watching you sleep every night  
I wish you'd watch me too  
We're made for each other  
Honey if you only knew, every night I'm watching you  
Mom and dad can't help you anymore  
Get in the car we'll drive far to the end of the shore  
Under the docks, on top of the rocks, knock knock knock knock  
Why the fuck are the doors locked? Maybe she forgot about our talks, or maybe I'm mistaken  
But I swear to God that she's not getting out of this  
Without some kind of explanation  
Oh I'm straining on your patience, maybe scaring you a little  
Just because I came to visit doesn't mean you have  
to hide  
I'll be waiting on the side of your house  
With an empty body bag  
And a loaded .45  
And now you won't forget  
My fucking name  
And now you won't forget  
My fucking name  
You're tearing me up  
Inside my mind  
You walked in front  
I ran behind
