Use Me To Use You

Trapt

Its hard to trust a stranger
You're a stranger to yourself
So who's to blame
Drown away emotion
As you numb yourself from any real
PainThere's nothing more real
And nothing's what it seems
We're always caught in between
There's nothing left to feel
But still you can not leave
You know you're what you needI no that you use me to use you
I no that you use me to use you
I no that you use me to use you
I no that you use meHoping it's a ritual
The walls you build around us feel
Safe
Silence's always comfortable
Is this the only reason that you
StayThere's nothing more real
And nothing's what it seems
We're always caught in between
There's nothing left to feel
But still you can not leave
You know you're what you needI no that you use me to use you
I no that you use me to use you
I no that you use me to use you
I no that you use meFeel your arms around me
Wondering where this will go
I feel your arms around me
Will you ever want this like I doI no that you use me to use you
I no that you use me to use you
I no that you use me to use you
I no that you use meTo use me
To use you
To use you
