

# Use Me To Use You

## Trapt

Its hard to trust a stranger  
You're a stranger to yourself  
So who's to blame  
Drown away emotion  
As you numb yourself from any real  
Pain There's nothing more real  
And nothing's what it seems  
We're always caught in between  
There's nothing left to feel  
But still you can not leave  
You know you're what you need I no that you use me to use you  
I no that you use me to use you  
I no that you use me to use you  
I no that you use me Hoping it's a ritual  
The walls you build around us feel  
Safe  
Silence's always comfortable  
Is this the only reason that you  
Stay There's nothing more real  
And nothing's what it seems  
We're always caught in between  
There's nothing left to feel  
But still you can not leave  
You know you're what you need I no that you use me to use you  
I no that you use me to use you  
I no that you use me to use you  
I no that you use me Feel your arms around me  
Wondering where this will go  
I feel your arms around me  
Will you ever want this like I do I no that you use me to use you  
I no that you use me to use you  
I no that you use me to use you  
I no that you use me To use me  
To use you  
To use you
