

This Train

Mighty Mystic

Get on board but don't look back
We flee out a town from Babylon traps
We no build dem roads we break dem chains
We free our minds and that's how we leave this place Rollin on This train, this train, this train, this train
Leaving outa Babylon
This train, this train, this train, this train
Freedom man a rally pan
This train is coming are you on boooooard
Talking bout
This Train is coming Freedom is yours!! (Come on)
I make a vow today I've got to turn the page
I've got to free up my mind from dem Babylonian ways

I'll sail the seas while dem ships are sinking!!! This train, this train, this train, this train
Leaving outa Babylon
This train, this train, this train, this train
