

Rescue Me

Skept

Well i've been breaking it down for you baby
running around,I can't see no love for me
somebody rescue me
I'm the king of the town mr crazy
creating a sound still no love for me
somebody rescue me,just rescue me
rescue me, rescue me, meeeThey call me S K EPTA before i start i just wanna say
boy you better know all day
I've got bumblebees tryin to figure out how i got this buzz
All I want is a kiss and a hug
but somebody told specsavers I still can't see no love
Days,Months years.
Blood,sweat,tears I walk the streets of london facing my fears
Everyday's like truth or dare,so spin that bottle
beacuse if it lands on me imma stay true to my word
and i don't want anymore respect than i deserveWell i've been braking it down for you baby
running around,I cant see no love for me
somebody rescue me
I'm the king of the town mr crazy
creating a sound,still no love for me
somebody rescue me,just rescue me
rescue me, rescue me, meeTRUST* ,no ceiling no doors i walk all over the beat no floors
she says I hate how i love you loads,i say i love you more
they say i've changed,i say i'm making a change
I left the road made a brand new lane, but still i dont get no thanks you
no round of applause
but i keep on triving i'm upset but i keep on smiling
When i get knocked out,i get back on my own two feet and I keep on fighting
i sacrificed all privacy so i could live my dream what an irony
because now my reality is far from the place i'd like to beWell i've been braking it down for you baby
running around,I cant see no love for me
somebody rescue me
I'm the king of the town mr crazy
creating a sound,still no love for me
somebody rescue me,just rescue me
