

# What If

## Simple Plan

What if I lead the way?  
What if I make mistakes?  
(Will you be there?)  
What if I change the world?  
What if I take the blame?  
(Will you be there?)I remember going back to the place we used to lay  
But I keep losing track  
And now the days they all turn black and our dreams all start to fade  
But there's no turning back'Cause the world keeps turning  
(Why do you tell me you care if you're not gonna stay?)  
And my heart's still burning  
(Why do you tell me you care?)What if I change the world? If I lead the way?  
What if I be the one that takes the blame?  
What if I can't go on without you? What if I graduate?  
What if I don't? What if I don't?Now I'm slowly giving up as the world keeps losing faith  
And you still turn your back  
Another path I follow takes a toll on me, on you  
But there's no turning back'Cause the world keeps turning  
(Why do you tell me you care if you're not gonna stay?)  
And my heart's still burning  
(Why do you tell me you care?)What if I change the world? If I lead the way?  
What if I be the one that takes the blame?  
What if I can't go on without you? What if I graduate?  
What if I don't? What if I don't?  
What if I don't? What if I don't?  
(What if I don't? What if I don't?)I'll be waiting here, I'll be waiting here  
I'll be waiting here for you to call me  
I'll be waiting here, I'll be waiting here  
I'll be waiting here for you to call meI'll be waiting here, I'll be waiting here  
(Waiting, waiting)  
I'll be waiting here for you to call me  
(Waiting)What if I lead the way? What if I graduate?  
What if I change the world? Would you still remember me?  
What if I lead the way? What if I graduate?  
What if I change the world  
And I found the words to tell you what you mean to me?I'll be waiting here, I'll be waiting here  
I'll be waiting here for you to call me  
(What if I graduate?)  
I'll be waiting here, I'll be waiting here

(I'll be waiting, I'll be waiting)

I'll be waiting here

(What if I graduate?)
