

# Pull Me Down

## Night Riots

Look at the moon burning bright on the water  
Trace the silver that blooms in the flood  
You were pale and white as you shuddered  
Nightingale singing out through the sleeping street  
I want a glow from the light that you give me  
I wish I knew that you felt the same  
I want a glow from the light that you give me  
I wish I knew that you felt the same  
Pull me down  
Where I belong?  
Pull me down  
Where I belong?  
And I wonder if you ever leave  
Would the summer turn into a dream?  
Will you pull me down?  
Where I belong?  
Look at the stars always shining above us  
Steam of your breath coming close as the seasons change  
You were cold to the touch as a lover  
So we drive under the blue light through the streets  
I want a glow from the light that you give me  
I wish I knew that you felt the same  
I want a glow from the light that you give me  
I wish I knew that you felt the same  
Pull me down  
Where I belong?  
Pull me down  
Where I belong?  
And I wonder if you ever leave  
Would the summer turn into a dream?  
Will you pull me down?  
Where I belong?  
Under the moon stay close to me  
Tonight  
I can just float away  
I can just float away  
Pull me down  
Pull me down  
Pull me down

Pull me down  
Pull me down  
Where I belong?  
Pull me down  
Where I belong?  
And I wonder if you ever leave  
Would the summer turn into a dream?  
Will you pull me down?  
Where I belong?
