

# A Small Victory R-Evolution 23 (Full Moon) Mix

## Faith No More

A hierarchy  
Spread out upon the nightstand  
The spirit of team  
Salvation is another chance  
A sore loser  
Yelling with my mouth shut  
A cracking portrait  
The fondling of trophies  
The null of losing  
Can you afford that luxury?  
A sore winner  
But I'll just keep my mouth shut  
It shouldn't bother me, no, it shouldn't, no, no  
It shouldn't bother me, no, it shouldn't,  
But it doesThe small victories  
The cankers and medallions  
The little nothings  
They keep me thinking that someday  
I might beat you  
But I'll just keep my mouth shutIt shouldn't bother me, no, it shouldn't, no, no  
It shouldn't bother me, no, it shouldn't,  
But it does(It shouldn't bother me... No... No...  
It shouldn't bother me...)It shouldn't bother me (It shouldn't bother me, no, it shouldn't, no, no)  
It shouldn't bother me (It shouldn't bother me, no, it shouldn't)  
[If I speak at one constant volumeAt one constant pitchAt one constant rhythmRight into your ear, You still  
won't hear]  
You still won't hear  
[You still won't hear]  
You still won't hear  
[You still won't hear]  
You still won't hear  
[You still won't hear]
