Cheeks

A.J. Reynolds

Damn look at them...
Uhh...
Damn look at them cheeks
She walkin by look at them cheeks
In them yogas look at them cheeks
Man they so good look at them cheeks
I just wanna get to know them cheeks
UH...
She walking by look at them cheeks
I just wanna get to know them cheeks
UH...
I just wanna get to know em'
yeah im hopin to get them closer
and hopefully get her number like
wassup baby how you really doin im drullin
im thinking you can get up in
with me cruisin im loosin
you be walkin in them tight yogas like
left cheek right cheek
movin there and somethin like your bestie
like me both of you can with me so
lets go grind it
and she got that extra package
got enough to go around but
i be what she snatchin
makin panties fall like a tree and ondiment
and i make them hit the ground
like look at that F***
i got all them
damn look at them cheeks
she walkin by look at them cheeks
in them yogas look at them cheeks
man they so good look at them cheeks
i just wanna get to know them cheeks
she walkin by look at them cheeks
i just wanna get to know them cheeks.
