

We Are Child Of Love - The Mekanism Remix

Mario Basanov

Love is generation
Love is like a passion
Love is generation
Love is like a passion
Love, love, love, love So we are child of love, love
Let me play with your love!
So we are child of love, love
Let me play with your love! Love is generation
Love is like a passion
Love is generation
Love is like a passion
Love, love, love, love
So we are child of love, love
Let me play with your love!
So we are child of love, love
Let me play with your love!
