Shift Kicker

Fu Manchu

A eye pleaser twenty years ago
To this day I still think so
Type two in a door, seat three
And all with the greatest of easeI couldn't see a damn thing
I couldn't see a damn thing
I couldn't see a damn thing
I couldn't see a damn thingEngine wise slip through your hand
Speed gear, alone they stand
What kind of plan have you received?
Off we go, you bet, full speedI couldn't see a damn thing
I couldn't see a damn thing
I couldn't see a damn thing
I couldn't see a damn thingIn a row, in a row we go
In a row, in a row we go
In a row, in a row we go
In a row, in a row we goIn a row, in a row we go
In a row, in a row we go
In a row, in a row we go
In a row, in a row we goIn a row, in a row we go
In a row, in a row we go
In a row, in a row we go
In a row, in a row we go
