Oh oh oh

Oooooo baby oh oh oh Verse 1 It's so natural to fall in love with you

Let me bring you joy whatever that's plan

I'm willing and able to pick you up again

Whenever you falling I will be your best's friend Chorus Why feel like I fallin in love again

Why can't I hide the way I fill inside Verse 2 You're so sensual the way you walk and smile

I think I should surrender to what I feel inside

I want to make love to you and let you know

I can't live without you and I'm never gonna let you go Chorus (2X) Why feel like I fallin in love again

Why can't I hide the way I fill inside Oooooo baby Verse 3 Hey there miss lady, you sure do have a pretty smile

Such a lovely dress hmm you from around here

From these parks so that means if I come back tomorrow

I can uh see you and maybe talk to you for a while you know and uh Hook I can't wait to see her and give her all my love

(I'm going be in love with you baby)

I know this feeling and give her all my love

Why can't I hide the way I fill inside

Then I love her baby

I think she driving me crazy

The way I feel inside

It must be her warm smile

Touch me deep inside

I can't hide it

Noooooo Chorus (2x) Why feel like I fallin in love again
