Evilution
Progress? one step backwards
Look what we've done to our homes
Evolved? regression, yes
We're now at full speed
And no one's in control
Forward? technology bliss
But for all our knowledge
We know nothing
The beginning of the end
Has long since past
They came... and destroyed
Progress? one step backwards
Look what we've done to our homes
Evolved? regression, yes
We're now at full speed
And no one's in control
