

I Can't Sleep

Aziza Mustafa Zadeh

When I'm all alone and I hear your voice
No other man can make me feel the way you do
I can't describe this feeling inside
I can't sleep at night ooh
Home is where you belong
That's what I tell myself when you're gone
Every night I say a prayer hopes you make it there
Anyone alone like me, I'm certain they'd agree
'Cause I can't sleep at nightChorus:
 Loneliness is my biggest fear
 I wish the feeling would disappear
 I can't sleep at night
 Coldness is creepin' in
 Need to feel your warmth again
I can't sleep at night noHolding you so very close
 That's what I need the most
 And it's your job to go around and
 Share your gifts from town to town
 I hope I'm not misunderstood
 The man that treats me so good
 But I can't sleep at night
 When I pick up this phone
 And I hear your voice telling me
 You cannot wait until you're home
 I can't describe this feeling inside
 I can't sleep at night 'causeChorus:
 I need you to hold you in my arms
 Honey how can I be strong
 'Cause I can't sleep at night
 I need a love I need your thrills
 I'm sick and tired of taking pills
'Cause I can't sleep at nightOoh holding you so very close
 That's what I need the most
 And I know it's your job to go around
 Share your gifts from town to town
 Anyone's who's alone like me
 I'm sure they'd agree
 'Cause I can't sleep at night
 Sick of holding my pillow tight
