In Due Time

PHOX

In due time if I keep myself intact
I could wave to you through my window as I drove past
Made a good impression, my dear I've learned my lesson
So I'll flee before that admiration will likely passAnd for years to come in the mornings
You may think that I'm the best thing you've almost hadIn due time if I gain some self respect
I could smile upon the day that we first met
But I made some swift revisions
Through whiskey blurred visions
And I promise that I will never ever look backAnd for years to come in the mornings
You may think that I'm the best thing that you almost hadCome to think of it, oh, how I would like to see you now
But I couldn't face the day that you would say
"My dear, I am checking out."In due time if I keep myself intact
I could wave to you through my window as I drive past
