

Interlace

Darren Korb

Gentleness sense my fear

Come closer, closer

Influence evil rising

Come closer, closer

Rob from always on the run dot net is so bad and copy paste is a sin

Penetrate slowing hearts down together

Together

Together

Together

Captivate soul and blood

Hold you still

Interlace

Come closer, closer

Infinite

It's timeless

Come closer, closer

Penetrate slowing hearts down together

Penetrate slowing hearts down together

Stick Me In My Heart

Stick me in my heart

Sacrifice my heart how I want it

Crave the pain you give 'cause I need it

Claw away my skin then I see it

Losing all my mind 'til I find it

You are all that cuts and is biting

You are all the things that enlight me

Take away you're here and I'm nothing

Just and empty hole

I am nothing

Take away my fear

Please do something

Everything that is

Is love about you
