

# My Oh My

David Gray

What on earth is going on in my heart  
As it turns as cold as stone  
Seems these days I don't feel anything  
Less it cuts me right down to the bone  
What on earth is going on in my heart  
Cause my oh my you know it just don't stop  
It's in my mind I want to tear it up  
I'm trying to fight trying to turn it off  
But it's not enough  
It takes a lot of love  
It takes a lot of love my friend  
To keep your heart from breaking  
To push until the end  
My oh my  
What on earth is going on in my head  
You know I used to be so sure  
You know I used to be so definite  
Thought I knew what love was for  
I look around these days  
I'm not so sure  
No no no  
Cause my oh my you know it just don't stop  
It's in my mind I want to tear it up  
I'm trying to fight trying to turn it off  
But it's not enough  
It takes a lot of love  
It takes a lot of love my friend  
To keep your heart from freezing  
To push until the end  
My oh my you know I just can't win  
I burn it down it comes right back again  
What kind of world is this we're living in  
Where you never win  
It takes a lot of love  
It takes a lot of love these days  
To keep your heart from freezing  
To keep your spirit free  
Oh  
My oh my

My oh my you know it just don't stop  
It's in my mind I want to tear it up  
I'm trying to fight I'm trying to turn it off  
But it's not enough  
It takes a lot of love  
It takes a lot of love my friend  
To keep your heart from freezing  
Push until the end  
My oh my you know it just don't stop  
My oh my you know it just don't stop  
Just don't my oh my you know it just don't stop  
My oh my my oh my you know it just don't stop  
My oh my my oh my you know it just don't stop  
Well my oh my it just don't stop  
My oh my now my oh my my oh my  
You know it just don't stop  
My oh my it just don't stop
