

I Say Yeah

Dream Street

(Alright, yeah, Alright) I know that, you know that, I can't stop watching you, I feel it believe me, I know you feel it (Oh-oh yeah) there's something about me, that you don't know about, I'm someone that somehow you seem to be without, Is it so hard to see that, I'm not invisible, feel like a fly on the wall, So if I get a little crazy, look a little spacey, blowing kisses your way, will you thing I'm ok? Set the sun on fire, scream a little higher, hold you in the moonlight, I say yeah, if you say alright (yeah, alright, yeah) I might not be special not like your super man, but living and loving, well that I supercan, It's not so complicated, not reinvent the wheel, just let me know how you feel, So if I get a little crazy, look a little spacey, blowing kisses your way, will you thing I'm ok? Set the sun on fire, scream a little higher, hold you in the moonlight, I say yeah, if you say alright (alright, oh-oh baby,) If you say alright, I will say ok, I will take your hand, and we will fly away, no matter where we go you will always hear me say (yeah,) So if I get a little crazy, look a little spacey, blowing kisses your way, will you thing I'm ok? Set the sun on fire, scream a little higher, hold you in the moonlight, I say yeah, if you say alright
