Deadlihood

sixx_ a.m.

The sun is shining
And everything's dying
Your star has burned out for good
Somewhere in HollywoodWhat the hell
This ain't no way to treat the living dead
Is this something from a novel that you readIt's time to cut the cord and say goodbye
'Cause it's the only thing that hasn't happened yet
And when it does I wish we'd never met
I did the best I couldThe sun is shining
But everything's dying
Your star has burned out for good
Somewhere in HollywoodI swear you told me
That you'd be my life support
Guess, I misunderstood
You were my deadlihoodHey, your insanity that's driving me insane
Well, heaven knows that I'd erase you if I could
Oh God, I wish I could, God, I wish I couldThe sun is shining
But everything's dying
Your star has burned out for good
Somewhere in HollywoodI swear you told me
That you'd be my life support
Guess, I misunderstood
You were my deadlihoodThe sun is shining
And everything's dying
Your star has burned out for good
Somewhere in HollywoodThe sun is shining
But everything's dying
Your star has burned out for good
Somewhere in HollywoodI swear you told me
That you'd be my life support
Guess, I misunderstood
You were my deadlihood
