

All the Love in the World

Nine Inch Nails

Watching all the insects march along
Seem to know just right where they belong
Smears a face reflecting in the chrome
Hiding in the crowd, I'm all alone
No one's heard a single word I've said
They don't sound as good outside my head
It looks as though the past is here to stay
I've become a million miles aw-
Why do you get all the love in the world?
Why do you get all the love in the world? All the jagged edges disappear
Colors all are brighter when you're near
The stars are all afire in the sky
Sometimes I get so lonely, I could
Why do you get all the love in the world?
Why do you get all the love in the world?
Why do you get all the love in the world?
Why do you get all the love in the world? Why do you get all the love in the world?
Why do you get all the love in the world?
Why do you get all the love in the world?
Why do you get all the love in the world?
