To the Wolves

Anberlin

You wanna put two in my chest.
I wanna be the one in your head,
In your head.
(In your head.)Betrayal, say you love me, but cast the first stone.
Betrayal, let me remember, to the wolves.
To the wolves, you left me to the wolves.
Thought it was me and you against the world,
But you left me to the wolves.Who needs enemies, when we've got friends.
Who needs enemies, when we've got friends like you.
Who needs enemies, when we've got friends.
Who needs enemies, when we've got friends like you?Woah-oh, woah-oh.
Woah-oh, woah-oh.
Woah-oh, woah-oh.
Who needs enemies, when we've got friends like you.You made me believe that you're so right,
But it's only in your eyes,
In your eyes.
(In your eyes.)Deceiving, say you love me but I found out.
Deceiving, let me forget, to the wolves.
To the wolves, you left me to the wolves.
Thought it was you and me against the world.
But you left me to the wolves.Who needs enemies, when we've got friends.
Who needs enemies, when we've got friends like you.
Who needs enemies, when we've got friends.
Who needs enemies, when we've got friends like you.Woah-oh, woah-oh.
Woah-oh, woah-oh.
Woah-oh, woah-oh.
Who needs enemies, when we've got friends like you.To the wolves, you left me to the wolves.
Thought it was me and you against the world
To the wolves, you left me to the wolves.
Thought it was me and you against the world,
But you left me...Who needs enemies, when we've got friends.
Who needs enemies, when we've got friends like you.
Who needs enemies, when we've got friends.
Who needs enemies, when we've got friends like you.Woah-oh, woah-oh.
Woah-oh, woah-oh.
Woah-oh, woah-oh.
Who needs enemies, when we've got friends like you.
