

Hold On To Love

[George Huff](#)

Just as long as there's love (long as there's love)
In my life I know I've got enough (to make things right)
Its the power we need to overcome (what life brings)
And as long as we got it we can conquer anything There's no mountain too high or a river too deep
Loves gonna carry me [Chorus]
Through the storm through the rain I know higher ground I'll gain
If I keep holding on Holding on to love through the fire
Love will lead me to the light just as long as I hold on hold on to love No matter what's going on (deep inside)
In love there's a secret place (where I find)
Just what I need to help me deal with (what's gone wrong)
When I was weak love lifted me (and made me strong) There's no wrong I can't right No thing I can't beat
Love will carry me [Chorus] Love is the higher calling that picked me up when falling
With love I know I can take it gives me the courage to make it [Chorus]
