Crimson Ghost

The Misfits

I know, I know your every move behind this face
I have control over expendable slaves
When confrontation comes down to the wire
I'll use my cyclotrode and commence the fireYou're never gonna get me
You're never gonna get me
You're never gonna get me
You're never gonna get meBeing followed, I get quick to the chase
I take my cyclotrode right out of the case
Atomic force electrocutes your motor
Leavin' dead in flames I always escapeYou're never gonna get me
You're never gonna get me
You're never gonna get me
I'm the crimson ghostYou're never gonna get me
You're never gonna get me
You're never gonna get me
I'm the crimson ghostNever gonna get me
Never gonna get me
Never gonna get me
I'm the crimson ghost
Never gonna get me
I'm the crimson ghostNever gonna get me
Never gonna get me
Never gonna get me
I'm the crimson ghost
Never gonna get me
I'm the crimson ghostNever gonna get me
Never gonna get me
Never gonna get me
I'm the crimson ghost
Never gonna get me
I'm the crimson ghost
