

This Photograph Is Proof (I Know You Know)

Taking Back Sunday

Well, I'll wait till you listen
I won't say a word
To follow your instincts
Just never worked for me
Your silent but strong, (yeah, I'm playing that card)
And your noticing nothing again

Now I'm lying on the table
With everything you said
Keeping mind the way that it felt
When the most I could do was to just blame myself

(yeah, I'm playing that card)
When the most I could do was to just blame myself
And I know you know, everything
I know you didn't mean it
I know you didn't mean it

I know you know, everything (drop everything)
I know you didn't mean it (start it all over)
I know you didn't mean it (remember more then you'd like to forget)

So, we're talking forever
And you almost feel better
But, better's no excuse for tonight
You see, it's never been enough
Just to leave all you gave up
But, it's never good enough to feel right

Now I'm lying on the table
With everything you said
It will all catch up eventually
Well, it caught up and honestly
The weight of my decisions
Were impossible to hold

They were never yours
They were never yours
Well I, know you know, everything
I know you didn't mean it

I know you didn't mean it

I know you know, everything (drop everything)

I know you didn't mean it (start it all over)

I know you didn't meant it (remember more then you'd like to forget)

Drop everything, start it all over

Remember more then you'd like to forget [Repeat: x2]

Would you like to forget

Would you like to forget

Drop everything, start it all over

Well, drop everything start it all over (would you like to forget)

Drop everything start it all over

Start it all

Well I, know you know, everything

I know you didn't mean it

I know you didn't mean it

I know you know, everything (drop everything)

I know you didn't mean it (start it all over)

I know you didn't meant it (remember more then you'd like to forget)

I know you know

I know you know, you know, you know, you know
