Minus Tide

Lemonade

All??? All the edge, of the way you looked at me
Heard the sound of an orchestra
Dimming for a symphony
Not sure what I said then
Though I think it was mostly true
Felt a different kind of fear
Every time I looked at you
Uh love time is calling me
Your tracks running follow me
Uh love by this time is calling me
How does it feel?
That tomorrow will stop your fall
Not sure what I said then
Though I think it was mostly true
Felt a different kind of fear
Every time I looked at you
Uh love time is calling me
Your tracks right front of me
I could be the drops that chase you down
Uh love by this time is calling me
I could be the drops that chase you till the fall
How does it feel?
That tomorrow will stop your fall
I could be the drops that chase you
I could be the drops that chase you
I could be the drops that chase youUh love time is calling me
Your tracks right front of me
I could be the drops that chase you down
Uh love by this time is calling me
I could be the drops that chase you till the fall
How does it feel?
That tomorrow will stop your fall
