When you thought you had everything uh-huh  
You said that you wanted  
More than you and i could ever build  
When the day comes  
And you find what's missing  
There will be better days  
Waiting here for you  
Better days in your life  
Gonna be  
Better days waiting here for you  
Better days in your life  
Gonna bemmmm hmm

When you see what I can give  
More than you thought you wanted  
All that you and I will build  
When the day comes  
And you find what's missing,  
There will be better days  
Waiting here for you
