Hold Back The Night

Monkey Boots

I want to walk
Into the light
Day has turned cold
Hold back the night
What will become
Of you and I
We had a dream
Don't let it die
Just hold back the nightDo you wanna be, wanna be
My dying day
My darkest hour
My overdose
'Cause that's what you'll be
Just hold back the nightThere was a time
I know you'll agree
We saw it all
A glorious sight
Everyone's burned
Everything's gone
What we were then
Now we are not
So hold back the nightDo you wanna be, wanna be
My dying day
My darkest hour
My overdose
'Cause that's what you'll be
Just hold back the night'Cause that's what you'll be
Just hold back the night
