

Picture Us

Deonte

Chorus:

Aye, Baby I can picture us
Somewhere chilling where the weather never rains

Where the sun stays up all day

Aye, Baby I can picture us
In the mall, shopping sprees over seas
Or we can kick it in the US of A

Aye, Baby I can picture us
Top down (Aye), on the highway (Aye)
No destination, we just riding thru the city
And if youre down with it

Let me know baby girl, Ill pick you up
It aint a problem, I can picture us

Deonte Verse:
Ridin wit a nigga, baby every word I say is true
Tell me your destination and baby well spend a day or two
Chillin, sippin pina colada somewhere in Pensacola, Florida

Anything you desire, you can order, cause I got cha
Run and tell ya friends what I bought cha
Cause you the type of girl a nigga need in mi casa
Lets go to Aspin, baby, maybe the south of France
Or make a stop out at a coffee shop out in Amsterdam
Baby you need to, leave that lame dude

Come roll with me, promise I can give you a change view
Just picture me and you somewhere out on an island

Just trying

Chorus
Deonte Verse:
Me and you chillin,
Somewhere in the city,
Or we can take trip baby girl if youre with it
I dig you, feel ya, all of the above,
Anything that you want, consider all of it done
It aint nothing to a G, baby girl cant you see,

You and me, we a perfect match

You drink, I drink,

You got your bank, I think I work with that
Hey, what cha think bout us going to Paris, or anywhere that you prefer

The best of the fur, Im talkin mink coats and the pearls,

Louie Vuitton stitched in ya purse

Say, it aint nothing that I wouldnt do,

To get a view of you in the nude, I will get you in the mood tonight

Thats right,
Turn off them lights,
Thats nice
We stretching like we getting ready for a fight
And I say, Just picture me and you somewhere out on an island

Picture us here, in the back of the clear sunset ,
Off the pier

Stealing my breath, but give enough for me to breathe

Just keep this here on your mind,
