

Extra Mile

Deluxe

Back and forth by new rules, hoped way out my two shoes
Engaged into a game deadly sure to lose
Major symptomatic fecal flaws
Due to twisting gut afflictions bout to any time i know
I know it takes a mighty dose of faith
but keep in mind we chose to skip the boat well far along the waves
defying odds and steady slow the race
we be distributing quenelles round the globe by not too long i prayRunning after fantasies
When all we got right here's for real
A dirty city on the sea
Mighty fine dope playground to me
I heard you got a bike, two wheels
Near you got the swell and me
U can gimme a ride
Play it summer delight
Go the extra mile
Im sure you'll find
some time to play
lets conquer the worldI'm trying to play you out fool; don't you know that my jewels
are way more satisfied outdoor free and lose
Cuz its the way my daddy made me duh
and everyday the wind be blowing but we got to get this done hello!
I Know sometimes i seam to seek another silly dream
But really trying to redeem your basement tan team!
It's time you think to squeeze your wet suit on
It's for your good; don't get me wrongRunning after fantasies
When all we got right here's for real
A dirty city on the sea
Mighty fine dope playground to me
I heard you got a bike, two wheels
Near you got the swell and me
U can gimme a ride
Play it summer delight
Go the extra mile
Mercy Mercy me
Lets follow the sun and go out
Before we turn into dust lets go out
I'm Talking 'bout a thirsty turkey please
Let's borrow a boat and sail out

Bfore there's oil everywhere let's sail out, away out
