Murphy Bed

Mirah

How's the road?
Are you getting lots of action out there?
I hope soI'm at home
Distracting myself with the guitar
And microphonesAnd when you get home you can
Tie me to the murphy bed
Let's do all the things you said
Tie me to the murphy bed
Let's just fall asleep insteadThis one's for you and that one's for the other
We all have to learn to share with one another
Do you really want to know
Or should i shut my face about it when you get home?
