Ya rhymes is trash that verse ain't worth a tokenTry to hop this, monotonous, murderous thoughts
When I'm plottin' this, overthrow the government
Burn the whole metropolis, lyrical warfare
Hip-hop Apocalypse, strap devils to the chairsStart shockin' shit, Q U, I chew through
We could battle in the projects and give or take the clue
Flex could get one too, the wait, I'm supplyin'
My crew pop, they iron from HTM to the peaks of Mount ZionI'm ready for the showdown
Mention my name, cowboy, watch it go down
I blow through your clique like Hurricane Floyd
Keep rappers paranoid, kept your bodies in the game
Is something I can't avoid, shit get tricky like Siegfried and Roy
I seek and destroyQueens got the vets

(Killa Queens, killa, killa Queens)I'ma blaze y'all niggas and represent Queens
Run up in ya cribs, fill ya tubs with gasoline
Smash ya plaques, tie ya arms back
What's ya worse nightmare, Black? I'm beyond thatThe mic, how I strike it, got 'em dialin' psychics
Roll with minds, don't give a fuck if you don't like it
With niggas that's invited without recited, ignited
It burn mad slow and that's why I'll easily light itMe and the ghettos reunited, all the broads is excited
Your ass looks stupid, tryna fight it
You wanna get your ass smacked up
So you can dig into the stash that I stacked upBut when my Queens, niggas flashed then you backed up
Keep my dogs fed, so they can shit when niggas act up
It's the L, nigga, dot com, dot hot lead red dot on your head be

And the rappers you idolized that idolized me
I walk in the spot, niggas part like the Red Sea And Todd's Shop of Horrors, we battle to the death tonight
There's no tomorrow, I'm out for revenge
Like the rebels in Nicaragua but I can take it farther
Travel back in time, fill ya baby bottle with lava Queens got the vets
(Killa Queens, killa, killa Queens)
Queens be the best
(Killa Queens, killa, killa Queens) Queens take ya heads
(Killa Queens, killa, killa Queens)
Queens be the vets
(Killa Queens, killa, killa Queens) This is how we put it down, this is Veteran's Day
We work hard so we can play hard and push them big things
Persistent, we keep comin' like some nigs
Droppin' albums, every few years we rich We the best, we the vets
We do this for the love, we thirst for that street shit
It's P, nigga, check my record, it's flawless
Do the knowledge to the chorus, yeah you fuckin' right While I was raised on my fuckin' life
I did my time on them corners, now I lead the fuckin' life
Large dollars, guns and ice
Is nothin' you know my weight and the price of it
You know how the Q dogs do cousin
We don't follow trends, we set those so get up on it Queens got the vets
