Cooltide

John Martyn

So cool, what a cool time
It's so cool, what a cool time
That's what you're having, I'm having one tooIt's a cool cool time, running up the river
It's a cool cool time, for running down the stream
It's a cool cool time, for cutting up the profits
It's a cool cool time, for a cool cool dreamSome say the world is full of fools
Other people agree
Some say the world is full of fools
Fools will always agreeSuch a cool cool time, running up the river
It's a cool cool time, to be running down to the sea
A cool cool time, running up the river
It's a cool cool time, for a cool dreamThat's what you're having
It's a cool cool dreamIt's a cool time, out in Arabia
It's a cool time, when all the boys come home
It's a cool cool time, out in South America
A cool cool time, when all the money rolls inCool time for running up the harbor
It's a cool cool time, for running to the sea
It's a cool cool time, running down the river
It's a cool cool time, for a cool dreamMeddling fools, give them a medal
Don't let them meddle with me
Meddling fools, meddling fools
Don't you meddle with me, I don't like themIt's a cool cool time, way out there in Africa
It's a cool cool time, such a cultural edge
A cool cool time, out with the brothers there
A cool cool time, driving in the wedgeGive them a medal
Give them another precious medal and put a price on it
Give that boy a medal
Ask him to put a price on it, precious medalIt's a cool time, out in Arabia
This cool time
It's a cool cool time, out in the Gulf of Arabia
It's a cool cool time, when all your sons come home?It's such a cool time, turn your television on
It's a cool time, it's a cool time, it's just a cool cool time
Such a cool cool time, such a cool cool time
It's just a cool cool time, just a cool cool timeIt's a chilling time, quite cool for killing
Just a killing time, such a cool killing timeIt's a cool cool time, it's a cool cool time
It's a cool cool time, such a cool cool time
Cool time, such a cool cool time
Turn your television onCool time, such a cool cool time
Turn your television on

Such a cool cool time, it's a cool time
Turn your television on
It's a cool cool time, it's a cool cool time
Such a cool cool time, it's a cool cool time
