

Come Over

Jaheim

Stepped up in the club where them chicks be at
You was standing at the bar, saw you from the back
Legs straight banging and that ass is fat
Bvlgari on your body, girl, I fucks with that I'm the type of cat, I know what I like
See you the type of lady, I'll take home and wife
So won't you go grab your coat, get your bag
I'll be in the parking lot, chilling with the roof down (Come over)
If ever in need of love
(Come over)
If you ever need a hug (Come over)
You need someone to trust
(Come over)
Baby, come over (Come over)
If you ever need a friend
(Come over)
I'll be there through thick and thin (Come over)
Baby, come over
(Come over) My nigga hit me on my hip with a text
He caught your man slipping
Now tell me what he gonna prove next
He tricking out at the mall
What's up with ya'll, maybe we need to talk I can tell, he ain't been thugging you well
I see, here's where you need to be
See love won't hurt for nothing
Ain't sense in fronting
Gotta keep that paper coming (Come over)
If ever in need of love
(Come over)
You ever need a hug (Come over)
You need some ghetto love
(Come over)
Baby, come over (Come over)
If you ever need a friend
(Come over)
I'll be there through thick and thin (Come over)
Baby, come over
(Come over) Love, I been sitting here waiting all night
I know something just ain't right
I got this 5th of Henney

You looking at me, give me
Give me love, 'cause all I really want is your love
Baby girl, it's all on you
Down for whatever
May we leave here together, baby
(Come over)
If you ever need love
(Come over)
Or if you just want to be touched
(Come over)
You got the number
(Come over)
Baby, come over
(Come over)
And if you ever need a friend
(Come over)
I'll be right here till the end
(Come over)
Baby, come over
(Come over)
(Come over)
Don't let me wait too long
(Come over)
Let's get it popping, baby
(Come over)
Girl, you know
(Come over)
What a brother like me needs
(Come over)
Yeah, yeah
(Come over)
I'll be there when you need me
(Come over)
