Reaction

Burning Heads

it's not like any other day
you paid to have the ring side seat
you needed action, you're gonna get some
so be sure you won't cheated
step right in, only a few left now
horses on the diving board
for all you suckers who'll never get bored
get ready to get higher now
the greatest show you've ever seen is herewaiting for reaction, looking for a reaction
ready for action, anytimethis time you need sensation
one more degree in the excitation
this time a horse, next could be worse
and maybe not what you expected
you weredo you care what could happen
you're not a fool, not a bad guy
do you care what I'm saying
or am I just getting boring ?
