

Nothing's Impossible (Demo)

Depeche Mode

Just give me a reason some kind of sign
I'll need a miracle to help me this time
I heard what you said and I feel the same
I know in my heart that I'll have to change
Even the stars look brighter tonight
Nothing's impossible
I still believe in love at first sight
Nothing's impossible
How did we get to be this far apart?
How did we get to be this far apart?
I want to be with you have something to share
I want to be hear I'm not there
Even the stars look brighter tonight
Nothing's impossible
I still believe in love at first sight
Nothing's impossible
Even the stars look brighter tonight
Nothing's impossible
If you believe in love at first sight
Nothing's impossible
I still believe in love at first sight
Nothing's impossible
