

# Message In A Bottle

Jay Sean

(Verse 1)

Life is wasted  
Cause your lips, tasteless  
Love turns to hatred  
You can, but I can't fake it  
And your eyes would never leave me  
And now they won't even meet me  
And your smile is lying  
My smile's slowly dying

(Hook)

Falling from the sky  
It's a lovers suicide  
I've explained the reasons why  
And you can find it in

(Chorus)

Message in a bottle  
Message in a bottle  
Message in a bottle (Message in a bottle)  
Said you can find it in  
A message in a bottle  
Hoping it'll find you  
A message in a bottle (Message in a bottle)  
Said you can find it in  
A message (Message)

(Verse 2)

Your touch, so cold  
This love song, is so old  
Please don't ask me, how this story unfolds...  
You only wind me up  
And I say some shit  
That will fire you up  
I'll be on my way and let fate decide if I'll see you again

(Hook)

Falling from the sky

It's a lovers suicide  
I've explained the reasons why  
And you can find it in

(Chorus)

Message in a bottle  
Message in a bottle  
Message in a bottle (Message in a bottle)  
Said you can find it in  
A message in a bottle  
Hoping it'll find you  
A message in a bottle (Message in a bottle)  
Said you can find it in  
A message (Message)  
(Verse 3)

When I am home  
And when I wasn't strong  
My words carry on  
My words carry on  
Cause I couldn't say  
This all to your face  
Too many mistakes  
So I wrote it all and put it in a bottle...  
(Chorus)

Message in a bottle  
Message in a bottle  
Message in a bottle (Message in a bottle)  
Said you can find it in  
A message in a bottle  
Hoping it'll find you  
A message in a bottle (Message in a bottle)  
Said you can find it in  
A message (Message)  
(Jay Sean)  
You can find it in a bottle..
