

Girls Gone Wild (Featuring Major Damage)

Jagged Edge

Now i met this little girl in Daytona
Spring Breakin' with my dawgs I was on her
Didn't give a chance to let another dude get one her
Why'all know i came with my mack game, hood like a crap game
I caught her her early I was sober That meant my thoughts going right and my words flowin' nice and
When she movin' got me on the fly
Get ready for take off them clothes got to break off
Got her gigglin' and laughin' and I know she knows what's happening
She can tell by the way I'm rapping, gotta rap this up baby that's wuts up [Chorus]
She like a girl gone wild,
can't miss the girl she stand out in the crowd and
young & sexy with the freaky freaky style
Walked in the party, make the club buck wild hey
Little Mama she like a girl gone wild, her and all her girls stand out in the crowd
Young & sexy with that freaky freaky style
Walked through the party make the club buck wild
Hey Hey, yeah yeah yeah yeah When I met her she was sipping a Corona
And i was really really feeling her persona
From that moment on i knew she was a goner (didn't have a chance)
By the way she walked, I had to put it on her 'Cause I gets down like a stickup, everybody put yout hands up
See I ain't tryna hurt nobody
But I was taken by her bangin' body
Loving her can really be my hobby I got her laughin', I'm about to cash in
It those girls gone wild Little bit freaky but it's just my style
She be killing me with her smile
Truthfully speaking she is buck wild
