

# New York

## Richard Ashcroft

Are you tuning in?  
Are you tuning in?  
Are you tuning in?  
Are you tuning in? And I wanted to go half my life  
And I feel kind of strange  
Like I never lived that life And I'm trying hard  
To control my heart  
And I always want to know  
And I always want to go New York, are you tuning in?  
New York, big city of dreams  
New York, oh what a city!  
New York, are you tuning in? Are you tuning in?  
Are you tuning in?  
Are you tuning in  
New York? There's now time to unpack yet  
Let's get straight out on the street  
And feel no inhibitions  
This city was built for me And my head is full of questions  
When did I feel this good  
In the arms of my lover  
Burning through the night of New York Are you tuning in?  
New York, are you tuning in?  
New York, oh what a city!  
New York, big city of dreams Are you tuning in?  
Are you tuning in?  
Are you tuning in  
New York? Are you tuning in  
Are you tuning in  
Are you tuning in  
Are you tuning in  
New York And its funny how time flies  
In the city that never sleeps  
It's getting after hours  
And I'm feeling the heat I'm almost dead and buried  
The day nearly done  
But I want to keep on going  
I'm going to kiss the sun in New York Are you tuning in?  
New York, are you tuning in?  
New York, big city of dreams

New York, oh what a city!New York, big city of dreams  
New York, oh what a city!  
New York, big city of dreams  
New York, are you tuning in?And I'm feeling kind of selfish  
'Cause I'm just flying home  
I've been busy on your island  
Just having my own funIt's an English tradition  
Find some money make some time  
Get busy on your island  
And slowly lose our minds in New YorkAre you tuning in?  
New York, are you tuning in?  
New York, big city of dreams  
New York, oh what a city!New York, big city of dreams  
New York, oh what a city!  
New York, are you tuning in?  
New YorkAre you tuning in?  
Are you tuning in?  
Are you tuning in?
