

Skiing in the Snow

Wigan's Ovation

Days are growing colder, snow's a-fallin' up on the hill
I gotta get my gear out, ready for a winter chill
You know my wood picking fire's gonna fasten me down
And the wood that I chop, that's really gonna run on down

Run on down, skiing in the snow (ooh)
In the up down, skiing in the snow (ooh)
And at night, we all stayed warm in the cabin below
Though we've been buried, my love
Their loss is greater, I know
(With my baby, good-looking baby)

And did you see a snowman with a couple of skiers all around?
(All around, outward bound, yes, it's down, yeah)
Movin' down the mountain, everybody's puttin' me down
(All around, outward bound, up and down, yeah)
You know I got to go and climb to the top of the hill
And make this all the way down beside of her still

Run on down, skiing in the snow
In the up down, skiing in the snow
And at night, we all stayed warm in the cabin below
Though we've been buried, my love
Their loss is greater, I know
(With my baby, good-looking baby) baby

With that girl that I love
Tellin' me she loves me so
And I'm a winter fool
Let her go into his arms
(With my baby, good-looking baby)

Down, skiing in the snow
Run on down, skiing in the snow
Run on down, skiing in the snow
Run on down, skiing in the snow
