Wild Weekend

Luke Bryan

We've been gettin' beat up by this ol' life
seems all we got left is Friday and Saturday night
and sometimes Sunday if Monday is a holiday

I got a bunch of buddies I ain't seen in a while,
I got some good-time fun and hot dog buns in a stock pile
With some home brew, Malibu and Miller Lite
Girl put on that short little party dress
And make me a little bit jealous

Itâ€™s gunna be a wild weekend
been on the phone with all my friends
Thereâ€™s a little spot in the river bend were the sun sits high

Along as the keg donâ€™t float and the ice donâ€™t melt
weâ€™ll loosen up a notch on the Bible belt
Girl you can bet weâ€™ll fall in love again and again and again
Itâ€™s gunna be a wild, wild, wild weekend

It's Friday afternoon and the countdowns on
cell phone's singin' that All My Rowdy Friends Are Comin' Over Tonight
bad to the bone ringtone, come on, come on, come on, baby let's get gone
It's bumper to bumper in the outbound, and we're already gettin' down

Itâ€™s gunna be a wild weekend
been on the phone with all my friends
Thereâ€™s a little spot in the river bend were the sun sits high

Along as the keg donâ€™t float and the ice donâ€™t melt
weâ€™ll loosen up a notch on the Bible belt
Girl you can bet weâ€™ll fall in love again and again and again
Itâ€™s gunna be a wild, wild, wild weekend

aw put on the short little party dress
make me a little bit jealous
get me thinkin' goodness

Itâ€™s gunna be a wild weekend
Been on the phone with all my friends

Thereâ€™s a little spot in the river bend were the sun sits high

Along as the keg donâ€™t float and the ice donâ€™t melt
weâ€™ll loosen up a notch on the Bible belt
Girl you can bet weâ€™ll fall in love again and again and again
Itâ€™s gunna be a wild, wild, wild weekend
It's gunna be a wild, wild, wild weekend

We been needing this for a long, long time
Ooo my baby sure is lookin' fine
What's up man? How ya'll been?
Throw me a ski rope.
Just Playin
Move it out boys come onâ€™
