Pain

Houk

music/lyrics - D. Malejonek
I was sleeping for long long time
Now I know my eyes were blind
Yes it was so long long sleep
And that sleep was much too deep
You're surrounded
Like a sheep by wolves
Standed alone face to face with the foes
Never stop
Never looking back
It was ambush in the night
chorus: Pain will pass away
Sorrow will never stay
Peace and love remain
And we'll meet again
He was called - Nazareene
Came one day on the planet Earth
To break - our chains
To save - our souls
To set us set us free
chorus: Pain will pass away
Sorrow will never stay
Peace and love remain
And we'll meet again
