No Games (Frâ•‰nts Remix)

Sickick

Put down the keys baby why do you have to leave?
You know just what you're doing the words you say get to me,
All this fussin' and fightin' it just don't make sense to me,
Let's go back to where we were, you and me against the world, yeahI fell in love with the things that you said to me,
Now the silence you show I don't know if it's meant to be,
Oh one moment you want me, the next you go set me free...
Push me through our darkest days or we can go our separate ways...My love is not a game,
You come with pleasure and pain
But who am I to blame, blame...
Maybe I treat you the same
My love is not a game...
Not a game...
Not a game...
Maybe I treat you the sameI don't know why it's the way that it has to be,
All those times that you left it just doesn't seem right to me,
And the games that you play they've been taken a toll on me,
We just need to find a way, this won't last another day...My love is not a game,
You come with pleasure and pain
But who am I to blame, blame...
Maybe I treat you the sameWhy won't you try to change,
No one can take your place
Or maybe I'm to blame, blame...
'Cause girl I treat you the same...
My love is not a game...
Not a game...
Not a game...
Maybe I treat you the same
