# Live For Today

## Ratt

Standin' in the pourin rain
Watchin' all my years feelin' all the pain
Gonna take some time
For this heart of mine to findSometimes you win sometimes you lose
It's time for you to chooseLive for today, don't wait until tomorrow
Why spend your time bein' somewhere you don't wanna be
Rely on faith to get you through your sorrow
Nothing can stand in your way
So live for todayLovers seem to fade away
Like a promise made it's the price you have to pay
Its gonna take some time
For this heart of mine to shineSometimes you win sometimes you lose
It's time for you to chooseLive for today, don't wait until tomorrow
Why spend your time bein' somewhere you don't wanna be
Rely on faith to get you through your sorrow
Nothing can stand in your way
So live for todayLive for today, don't wait until tomorrow
Nothing can stand in your way
So live for todaySometimes you win, sometimes you lose
It's time for you to chooseLive for today, don't wait until tomorrow
Why spend your time bein' somewhere you don't wanna be
Rely on faith to get you through your sorrow
Nothing can stand in your way
So live for todayLive for today, don't wait until tomorrow
Why spend your time bein' somewhere you don't wanna be
Rely on faith to get you through your sorrow
Nothing can stand in your way
So live for todayLive for today, don't wait until tomorrow
Live for today
Live for today, don't wait until tomorrow
Live for today, don't wait until tomorrow
Why spend your time bein' somewhere you don't wanna be
Live for today, don't waste your time
