

# Meet Me In California

## Plain White T's

I knew that this was wrong as I stood reaching for the bedroom light  
But she turned me on so I turned it off  
Now every man has got his flaws, his breaking point, his sacred cause  
And I had mine but I crossed that line Now I could never ask you to forgive me for the things I do  
But if you ever need me you know where I'll be Meet me in California, I'll be there waiting for your call  
I'll be there waiting for you  
'Cause you know in California there's something better for us all  
Meet me in California This night was like a bible verse with pages torn and missing words  
Condemning me and I'm on my knees  
I wish that I could start again, peel the past like sunburned skin  
Right off of me, but it's not that easy And now I could never ask you to forgive me for the things I do  
But if you ever need me you know where I'll be Meet me in California, I'll be there waiting for your call  
I'll be there waiting for you  
'Cause you know in California there's something better for us all  
Meet me in California I don't wanna say goodbye and I don't wanna make you cry  
I just wanna see you smile again  
'Cause everything I used to be is waiting over there for me  
This is a beginning not an end I could never ask you to forgive me for the things I do  
But if you ever need me you know where I'll be Meet me in California, I'll be there waiting for your call  
I'll be there waiting for you  
'Cause you know in California there's something better for us all  
Meet me in California I'll be there waiting for you  
'Cause you know in California there's something better for us all  
Meet me in California
