Recognize

Skizzy Mars

[Chorus: Jojo]
Baby, if i tell you what I want, don't call me crazy
If I tell you I'm in love, know I ain't playing
And if you give me your heart, no, I won't break it
Baby, I, I hope you recognize a real one when you see one
I hope you recognize a real one when you see one
A real one when you see one, yeah[Verse 1: Skizzy Mars]
Yeah, tonight I wanna switch it up
They said I need help, I didn't get enough
White whine, swishers, blunts
And your hating girlfriend, chilling in the cut
They told me you the realest so I had to check
And I don't lift weights but I had to flex
Then we had sex
And we stayed up for three straight nights
Talking 'bout shit that's abstract[Pre-Chorus 1: Skizzy Mars]
I love it when you tell me stories
I love it when you kiss my head
I love it when we in the club
I love it more when we're in my bed
I coulda wrote a love letter
But I wrote you a song instead
And I think our timing is fine
I'm reminded girl, you're the realest
So we got it so timeless[Chorus: Jojo + Skizzy Mars]
Baby, if i tell you what I want, don't call me crazy
I won't, I won't
If I tell you I'm in love, know I ain't playing
I know, I know
And if you give me your heart, no, I won't break it
Baby, I...
Baby, I, I hope you recognize a real one when you see one
I hope you recognize a real one when you see one
I know you recognize a real one when you see one
You better recognize a real one when you see one, yeah
A real one when you see one, yeah[Verse 2: Skizzy Mars]
Oh, tonight I wanna do it big
Natural shit, all real, we ain't forcing it
And if we ain't winning then we forfeiting

Cause we don't take L's, we don't take L's
Money on the dresser, condoms in the second drawer
Back in high school I had game but I never scored
Real with your words so I trust you
After the show, girl, I really wanna fuck you[Pre-Chorus 2: Skizzy Mars]
I love it when you tell me stories
I love it when you kiss my head
I love it when we in the club
I love it more when we're in my bed
I coulda wrote a love letter
But I wrote you a song instead
PJ's, Atlantis, Saint Barts to Bahamas
And I think our time is now girl, I promise[Chorus: Jojo + Skizzy Mars]
Baby, if i tell you what I want, don't call me crazy
I won't, I won't
If I tell you I'm in love, know I ain't playing
I know, I know
And if you give me your heart, no, I won't break it
Baby, I...
Baby, I, I hope you recognize a real one when you see one
I hope you recognize a real one when you see one
I know you recognize a real one when you see one
You better recognize a real one when you see one, yeah
A real one when you see one, yeah
