

Love Centric

Joe

Out of the blue
Heaven send you
A vision of beauty
Made you my duty
To make you my mule I can't believe
I've lasted this long
Inspire by you,
you are the truth,
my words to the song I live for loving you
Make no mistake
We got a bond that will behold
Stronger than stick and it won't ever break Love centric Baby
All that I do
All that I am baby please understand
that it's all about you
