Everyday Now

Texas

I just woke up I can see it now
It's never been this close before
Tried to tell myself I didn't careCrying out why am I here?
There's no point in me hiding
And only now I can seeEveryday now, everyday now
The blame's gonna fall on meSomething deep inside said move away
Try to leave what's good behind
And I still ask myself why I let it goAll those years we wasted time
There's no point in me hiding
And only now I can seeEveryday now, everyday now
The blame's gonna fall on meEveryday now, everyday now
The blame's gonna fall on me'Cause I never told you
That I could never live without it
Now the blame's on me'Cause I never told you
That I could never live without it
Now the blame's on me
And you will hear me sayEveryday now, everyday now
The blame's gonna fall on me
