

# My End

## Autumn Burning

Lately Iâ€™ve been feeling so low  
Can you help get out of this hole Iâ€™m in  
Cause Iâ€™m thinking about jumping off this edge  
My hearts beating right out of my chest

I know, that I canâ€™t keep doing this

Can you tell me how weâ€™ve become so cold  
And how this all just keeps on getting so old  
You know that I cannot keep on doing this  
Strange enough, how youâ€™ll become my end

Itâ€™s getting harder to control my head  
With all these pills Iâ€™m taking in  
Starting to think Iâ€™d be better off dead  
Hearts still beating out of my chest

I know, that I canâ€™t keep doing this

Can you tell me how weâ€™ve become so cold  
And how this all just keeps on getting so old  
You know that I cannot keep on doing this  
Strange enough, how youâ€™ll become my end

Youâ€™ll become my end

Can you tell me how weâ€™ve become so cold  
And how this all just keeps on getting so old  
You know that I cannot keep on doing this  
Strange enough, how youâ€™ll become my end

Can you tell me how weâ€™ve become so cold  
And how this all just keeps on getting so old  
You know that I cannot keep on doing this  
Strange enough, how youâ€™ll become my end

Youâ€™ll become my end  
Youâ€™ll become my end
