Sweet April Song

Fred Ellis

Sweet April time,
I long to be just like you,
and bring some life to this world.
Like a new born bird,
I wish to sing out to you,
with my sweet April song.Sweet April time,
Why dont you just come a little bit faster?
and keep the frost
from the flowing stream
You bring such color to the trees,
and a sweet smell to the breeze,
thats why I sing sweet April song.Sweet April time,
sometimes I feel so troubled,
that this old world seems hard to face.
but when I think,
of all the sweetness you bring,
that's when I sing, for your embrace.Sweet April time,
why dont you just come a little bit faster,
and keep the frost,
from the flowing stream,
you bring such color to the trees,
and a sweet smell to the breeze,
thats why I sing sweet April Song.Sweet April time,
my dark days come so often,
that half the time, I cannot see.
so flash your light,
upon my gloomy outlook,
so I can sing, about the love you bring.Sweet April time,
Why dont you just come a little bit faster,
and keep the frost
from the flowing stream
You bring such color to the trees,
and a sweet smell to the breeze,
