Conehead

[Frank Zappa](...)

You were right, I was wrong
Please forgive me, come back homeDon't you know, don't you know
Don't you know I love you so?
Don't you know, don't you know
Everyday I love you more?Just can't go on since you've gone
Feel so blue over youDon't you know, don't you know
Don't you know I love you so?
Don't you know, don't you know
Everyday I love you more?Please come back, need you so
I won't ever let you goDon't you know, don't you know
Don't you know I love you so?
Don't you know, don't you know
Everyday I love you more?Cries for you night and day
Please come back home and stayDon't you know, don't you know
Don't you know I love you so?
Don't you know, don't you know
Everyday I love you more?
